WE VALUE YOUR MAIL

# TA-12

## A VERSATILE, RELIABLE, MEDIUM VOLUME, TABLETOP TABBING SYSTEM

What do you do with outgoing mail that isn't going in an envelope, such as tri-fold brochures or folded sheets? Neopost's TA-12 tabber offers an inexpensive alternative to envelopes and is great for mass mailings of brochures, newsletters, double postcards and more.

The TA-12 places an adhesive tab on folded documents, often used by businesses to send advertisements, promotional items and many other non-traditional pieces of mail. Its built-in feeder system means easy set up and fewer feeding issues, and its small, tabletop footprint makes it the perfect assistant for letter shops and in-house use.
