Total solutions for your mail processing needs

**HASLER**

# IN700 SERIES

## TOTAL SOLUTIONS FOR YOUR MAIL PROCESSING NEEDS

When it comes to meeting your most demanding mailing needs, nothing delivers like the Hasler IN700 Series. Available in two models, the IN700 and IN750 are true representations of our next generation mailing systems. The sleek and modern design depicts clean lines, bold edges and aluminum accents, while maintaining the Hasler commitment to build and ship products in the most ecological manner. Coupled with the Hasler iMeter™ postage meter and a suite of Apps, the capabilities of the 700 Series exceed those of a traditional mailing system. In fact, the 700 Series easily integrates with Hasler's Enhanced Mailing and Shipping (EMS) software for total control of postage and shipping activities and costs. With an iMeter™ postage meter and Apps, fresh eco-design and integration to enhanced mailing and shipping software, it is clear the IN700 Series is the powerful choice for optimizing mail center management today and in the future.

### HASLER iMETER™ POSTAGE METER AND BUSINESS APPS

The Hasler iMeter™ postage meter is an internet-connected smart device that provides functionality beyond the traditional postage meter. The IN700 Series and Hasler iMeter™ are connected online to help you better manage your mailing operations and control costs. Low ink email alerts keep you abreast of your ink usage and simplify ink cartridge reordering. With the IN700 Series, postal rate changes are hassle free with direct rate downloads, which ensure full postal compliance.

#### Available iMeter™ Apps

- Postal Rates App
- Online Postal Expense Manager™ App
- Hasler Postal Accountant App
- Commercial Rates App
- E-Services App
- E-Services with Electronic Return Receipt™ App
- TotalFunds™ App

**SHORTCUT KEYS**  
Save time processing items and eliminate keystrokes with the 700 Series shortcut keys.

**WEIGHING PLATFORM**  
10, 30 or 70 lb. platforms handle even the heaviest parcels and oversized packages with ease. Add differential weighing to reduce manual processing and handling.

**DYNAMIC SCALE**  
Accurately weighs, rates and classifies mail at speeds up to 75 lpm (IN700) and 110 lpm (IN750). Reliable sensors detect dimensions to ensure compliance to USPS® Shape-Based Pricing requirements.

**MIXED MAIL FEEDER**  
Eliminate hand sorting by size or weight. Self-aligning rollers prevent jams or misprints. The 700 Series is among the strongest performers in the market processing up to 140 lpm (IN700) and 175 lpm (IN750).

#### E-SERVICES APPS

Monitor, track, confirm and save when processing items with the E-Services and E-Services with Electronic Return Receipt™ Apps.

HASLER iMETER™ POSTAGE METER AND BUSINESS APPS  
 ENHANCED MAILING AND SHIPPING SOFTWARE  
 COLOR TOUCH SCREEN  
 IBI LITE INDICIA

**COLOR TOUCH SCREEN**

Enhance operations and minimize keystrokes with an easy-to-read color touch screen. Large, descriptive prompts and menu keys make navigation a breeze. The Rate Wizard provides concise step-by-step instructions making USPS® rate selection easy.

**REMOTE LABEL DISPENSER**

Reduce work steps and optimize your ergonomic workspace with a repositionable printer. Prints no-peel, ready-to-stick tapes from a roll.

**BARCODE SCANNER**

Save time and eliminate errors using a barcode scanner for department/account entry and processing USPS® Extra Services.

**ERGONOMIC WORKSTATION**

84" workstation creates a comfortable workspace for operators. Adjustable shelving is great for holding supplies. Dual locking doors provide additional storage and security.

**POWER CONVEYOR STACKER**

Keep mail flowing to achieve maximum throughput by reducing the number of starts and stops.

**THE POWERFUL CHOICE FOR MAXIMUM CONTROL OF SHIPPING AND MAILING OPERATIONS**

Hasler's optional Enhanced Mailing and Shipping (EMS) software offers a host of tools to manage costs, streamline operations and help build and maintain customer relationships. This technology can analyze your company's mail and shipping operations, pinpoint incorrect addresses and lost packages, identify where money is being wasted, as well as offer new methods for increasing efficiency with respect to mail processing operations and account chargeback. Additionally, Hasler EMS helps you manage and allocate costs by account, carrier, special service and operator productivity.

Every IN700 Series mailing system easily integrates with EMS software for total control of your mail processing and shipping needs.

- Rate Shopping provides more delivery options and better routing choices to help save time and money.
- Address Correction and Validation eliminates many of the problems that lead to delayed deliveries as well as high fees associated with returned and misdirected deliveries.
- Work Ahead increases efficiency by reducing total processing time in between batches.
- Scan and Drop saves time and effort associated with manually selecting each department individually for account chargeback.

# IN700 SERIES

## THE POWERFUL CHOICE FOR OPTIMIZING MAIL CENTER MANAGEMENT

### DESIGNING THE MOST ECOLOGICAL SOLUTIONS

Hasler is dedicated to improving the sustainability of its activities and the environmental performance of its products at each stage of the lifecycle. The Eco label reflects our desire to make customers aware of the environmental progress we have made in recent years. A sticker is placed on all models that meet Hasler's environmental requirements.

The Eco label indicates implementation of key concepts to reduce or eliminate impact on the environment. This includes the use of environmentally sensitive materials, choice of raw materials, weight reduction, packaging, energy savings, lifecycle extension and end-of-life management. The Eco label aims to provide a clear and consistent set of environmental performance criteria for Hasler products, in order to recognize efforts made during the design phase.

The IN700 Series carries Hasler's Eco label ensuring our commitment to the environment.

**RAW MATERIAL:** We limit the weight and number of materials used when producing our solutions (44% less material and 10.5% fewer components than previous generation mailing systems).

**PACKAGING:** We reduce the volume of our packaging and use only cardboard which is fully recyclable.

**ENERGY:** The energy consumption of our products has been reduced with the IN700 Series standard "sleep mode" feature. In addition, we offer remote support whenever possible to reduce travel-related energy use.

SPECIFICATIONS	IN700	IN750
<b>OPERATIONAL EFFICIENCY</b>		
Speed (batch processing)	Up to 140 lpm	Up to 175 lpm
